# HMC ET-10 Two Saw Trimmer

## **Rugged, two saw trimmer for medium production**

The HMC ET-10 Two Saw Trimmer is ideal for use in small to medium production mills for end trimming lumber, cants and ties up to 9" thick. The trimmer features 30" diameter carbide saws powered by 10HP TEFC arbor motors. The moveable saw strand and feed chains are hydraulically powered by a 5HP integral power unit and tank.

The ET-10 Trimmer comes complete with an operators console mounted on an adjustable stanchion with all start/stop buttons and push button networks on 1" increments. Starters for saw motors and hydraulic power unit are fused and prewired.

### **SPECIFICATIONS**
